## AMERICAN AVIATOR SHOT BY MEXICAN SOLDIER

### CAPT. DAVID M'NABB WOUNDED WHEN SHIP STRUCK BY BULLETS

*Machine Was Scouting at Low Altitude  
When Soldiers Opened Fire From Their  
Side of the Border.*

### COMPLETE REPORT OF AFFAIR MADE TO WASHINGTON TODAY

*Although Bleeding Profusely, Birdmen  
Heads Plane Up and Makes Safe  
Landing on American Soil.*

(International News Service.)

LAREDO, Texas, Sept. 2.—Capt. David McNabb, of the Eighth U. S. aerial squadron, was shot in the head and seriously wounded early today when a band of Mexican soldiers fired more than 100 shots at an army aeroplane in which he and Lieut. Johnson, his mechanic, were scouting in the vicinity of San Isabel, 16 miles northwest of Laredo.

According to a report made at army headquarters, Captain McNabb and Lieut. Johnson were flying at low altitude when a band of Mexican soldiers on the Mexican side of the border opened fire on them. Captain McNabb headed his plane in the air to escape from the bullets but was shot in the head. Although bleeding profusely, he made a safe landing near the Mullally farm. Reports have been current for the past week or so of numerous attacks from the Mexican side on American aviators. A complete report has been forwarded to Washington.

### MURDERED MINER AN AMERICAN

(International News Service.)

WASHINGTON, Sept. 2.—Adams Schaefer, independent mining operator, who was murdered by Mexicans on August 23 at his mine near Pinos in Mexico was an American citizen, the state department announced today.

### SIX MORE PLANES ARRIVE

(International News Service.)

EAGLE PASS, Tex., Sept. 2.—Six airplanes arrived here today for duty along the Rio Grande.

### Evidence Against Big Five Given Jury

(International News Service.)

CHICAGO, Sept. 2.—The big drive against food profiteering will open here today with the convening of a special grand jury before which United States District Attorney Charles Klain will present evidence against the "Big Five" packers, sugar-men and others which he has obtained during the past few weeks. Subpoenas have been issued for complete records of all packing companies in forty cities.

### Miners Turn Down Government Offer

(International News Service.)

LONDON, Sept. 2.—The executive committee of the Federation of Miners today decided to recommend to the delegates to the labor conference tomorrow that they reject the government's proposal for the settlement of troubles in the coal fields.

### Homes Are Sought for Albany Teachers

Ralph W. Cowart, superintendent of the Albany public schools, today requested the cooperation of the public in placing the teachers in homes. He asked all persons who will take teachers for room and board or either to file their names and their rate with him immediately.

### Athens Syndicate Buys Farm Interest

Another Athens syndicate has invested heavily in Morgan county real estate, it became known today with the announcement that Harry Walker and Gleason and Graham have purchased a three quarter interest in the 962 acre farm of Fred Orr, near Danville. The consideration was not made public.

### Prominent Citizen Passes to Beyond

John Neill, aged 84 years, died at Gandy's Cove Thursday. He was one of Morgan county's best citizens and a man of exemplary character. He is survived by three sons, Dr. L. N. Edward and James Neill and one daughter, Miss Elizabeth Neill.

### Cooper Murder Mystery Unsolved

(International News Service.)

NASHVILLE, Sept. 2.—The mystery of who killed Robin Cooper, prominent Nashville attorney, remains unsolved. City, county and private officers have been constantly at work on the case and the \$1,000 reward offered has been increased to \$1,500 through an additional fund offered by friends.

### Profit Sharing is Provided in Bill

(International News Service.)

WASHINGTON, Sept. 2.—Establishment of a system of profit sharing by employees is one of the far reaching provisions of the bill for the restoration of the railroads to private ownership which was favorably reported to the senate today by Senator Cummins, chairman of the senate interstate commerce committee.

The bill provides for the return of the roads on the last day of the calendar month in which it becomes a law and the rates in force are to remain in effect until changed by "competent authority."

### Work is Started on Garnett Store

W. J. Garnett and a force of men took possession of the old Buttry stand on Second Avenue this morning and as Mr. Garnett put it, will "go over" the two stores as quickly as possible. The new department store hopes to be able to throw open its doors by Sept. 15. Mr. Garnett leaves tonight for Chicago to bring back more goods.

### 1500 Shopmen Go on Strike Today

(International News Service.)

CUMBERLAND, Md., Sept. 2.—After rejecting President Wilson's plan of a wage settlement, 1500 Baltimore and Ohio shopmen went on strike here today.

### Bolsheviki Are Reported Beaten

(International News Service.)

LONDON, Sept. 2.—A Central News Dispatch from Copenhagen stated the Lithuanian government has officially announced the Bolshevik army has been beaten and now is surrounded and that the Bolsheviks are suing for peace.

### SUPT. R. W. COWART EXPLAINS PLANS OF PUBLIC SCHOOLS OF ALBANY FOR TERM

*Incidental Fees Will Be the Same  
as Were Charged Last  
Year.*

WILL OPEN FOR WORK  
MONDAY, SEPTEMBER 15

### New Pupils Must Report to the Superintendent or Principal for Assignment

The Albany public schools will open September 15 and the following card, addressed to the patrons of the schools, was made public today by Prof. Ralph W. Cowart, who returned recently after more than a year's service in France, to resume his duties as superintendent of the Albany public school system:

"The schools will open for work Monday, September 15, at 8:30 o'clock, at 8:15 a. m. thereafter. Pupils should be in their rooms and in their seats by 8:45. Those enrolled the first day will have choice of rooms where there are two teachers for the same grade, provided there is an equal division of the whole number of pupils between the two rooms.

"After the first day pupils must report to the superintendent or principal for assignment. All new pupils must report to the superintendent or principal at all times for classification before being enrolled.

"Conditioned pupils will be examined Monday, September 15, unless otherwise notified, except high school pupils who will be examined Friday morning before the opening of school. All conditioned pupils must present a certificate showing six weeks study under a competent instructor. This certificate must be signed by the instructor.

**Incidental Fees**  
"The incidental fees will be the same as last year. In grades from one to seven, inclusive, \$2.00 per pupil per year (\$1.50 where there are three or more children from the same family and all are paid for at the same time). In grades from eight to eleven, inclusive, \$5.00 per pupil per year (\$3.75 per pupil where there are three or more children from the same family and all are paid for at the same time). One half of the fee is due at the beginning of each term. Pupils entering before two-thirds of the term has expired will pay full fee, after two-thirds has expired one half the fee. These fees must be paid to the city clerk.

**Tuition**  
"Non-resident pupils and pupils over twenty-one years of age will be charged a tuition fee of \$9.00 per year for grades from One to Seven, inclusive and \$13.50 for grades from Eight to Eleven, inclusive. One-half of the fee is due at the beginning of each term. These fees must be paid to the superintendent.

**Where Must Attend**  
First Ward—West Town. "Pupils in the 1st, 2nd, 3rd, 4th, 5th, 6th and 7th grades living in the territory bounded on the north by city limits, on the east by L. & N. R. R., on the south by L. & N. R. R., and on the west by city limits, will attend first ward school. Those above fourth grade will attend Gordon school.

Second Ward—South Town. "Pupils in the 1st, 2nd, 3rd, 4th, 5th, 6th and 7th grades living in the territory bounded on the north by Sixth street, on the east by Somerville road, on the south by city limits, and on the west by Somerville road, will attend Third Ward school. Those above fourth grade will attend Gordon school.

Gordon School. "Those pupils above the fourth grade in East and West Town and those pupils in the 1st, 3rd, 4th, 5th and 6th grades living in the territory bounded on the north by city limits, on the east by Somerville road, on the south by Sixth street, and on the west by L. & N. R. R., will attend Gordon school.

High School. "All pupils in the Seventh grade and above, except those in Seventh grade of Second Ward, will attend High School.

### NATURAL GAS HURLS TOOLS IN AIR AFTER WELL HITS STRATA OF ASPHALT NEAR HERE

*Revival of Oil Stories Brought  
About by Occurrence on  
Adams Farm.*

GAS IS DISCOVERED AT  
DEPTH OF ONLY 46 FEET

### Noted Geologist Find Every Indication of the Presence of Oil

While drilling for water on the Adams Brothers farm near Hartselle, a strata of asphalt seven feet thick was discovered and a short time later natural gas at a depth of 46 feet, according to information brought here today. The gas blew the drill into the air, it was said, and caused much excitement in the neighborhood. The presence of asphalt in sections of Morgan and Lawrence county is considered strong indication of the presence of oil, asphalt being a form of crude oil. At Tampico, Mexico, more asphalt has been found than anywhere else, it is declared. The Tampico district is the biggest oil field in the world.

A quarter of a century ago several small companies attempted oil operations in Morgan county and at least one well was drilled but was plugged soon afterward. It is generally claimed now that oil was found in the well, but that outside influences caused it to be plugged.

Reports of many geologists made in the last twenty five years have declared there is every evidence of oil in large quantities in the Tennessee river valley. Natural gas has been found at Huntsville and a firm now is drilling for gas between Albany-Decatur and Florence.

### BRITAIN REFUSES TO O. K. PAPERS PROHIBIT WORKERS

(International News Service.)

LONDON, Sept. 2.—The British passport bureau today refused to issue the travelling papers of two American prohibition workers who desire to come to London to assist "Pussyfoot" Johnson in the campaign to make Great Britain dry.

The reason given was that the political situation in England is sufficiently delicate without allowing the prohibitionists to stir up the workmen.

British newspapers already have dubbed the dry campaign a "pussyfoot" movement and that nickname was attached to Mr. Johnson's name. Johnson is an American who came to England in the interest of the movement.

### Child is Struck By an Automobile

While driving Sunday morning on Grant street the car of A. D. Cohen, struck Harold, the little seven-year old son of Z. P. Watkins, who narrowly escaped serious injury. The little fellow was crossing the street when the accident occurred, but fortunately the car was being driven slowly and it is hoped only minor bruises were sustained. He was able to be out on Monday. Mr. Cohen deeply regrets the occurrence.

### Urges Economy in Naval Construction

(International News Service.)

LONDON, Sept. 2.—A sensation has been caused here by a letter from Baron Fisher, former first sea lord of the admiralty, urging drastic economy in naval affairs and declaring that half of the navy "had already become obsolete" because of the development of the internal combustion engine and oil fuel.

### LABOR'S GREATEST CELEBRATION HELD MONDAY; VISITORS CROWD THE CITIES

*Parade of the Allied Crafts is  
Witnessed by Many Thousands  
Of Spectators.*

CONGRESSMAN ALMON  
SPEAKER OF THE DAY

### President Harrison of Federation is Detained at His Home by Illness.

Under bright autumnal skies, through cooling breezes and along paved streets dustless from the recent rains, the first Labor day parade ever staged in the Twin cities swung down Second avenue, from the Albany school grounds at exactly 10:37 o'clock, yesterday morning. The destination of the great parade was the Riverview Grove picnic grounds near the Tennessee river at the Eastern end of Grant street, Albany. But before the caravan of floats and the marching hundreds slowed up at a signal of President LaFayette to Bank street, toward the river two blocks and back down Bank to Lee street, down Lee to Second avenue, up Second avenue to Grant street, and Grant to Riverview Grove where the Labor Day program was carried out without a hitch.

The only disappointment was the absence of President Harrison of the Alabama Federation of Labor, who was detained at his home in Birmingham on account of over work and illness. The orator of the day, Congressman E. B. Almon, was introduced by President W. R. McCluskey of the Louisville and Nashville carmen's union. When he took the stand Judge Almon said that he had journeyed from the nation's capital for the sole purpose of meeting and mingling with the hosts of labor, from whose ranks he said he sprang and among whom he "always felt at home."

**Draws Hearty Cheers**  
At several points in his address which consumed nearly an hour, the distinguished speaker drew hearty cheers. When he declared that he was "agin" the profiteers and that he hoped to see them all "both little and big wearing the stripes of criminals" there was a spontaneous burst of applause. A little later there was cheering when Mr. Almon said: "I believe that President Wilson is as good if not the best friend Labor ever had in the President's chair." He then referred to Mr. Wilson's statements in his message to labor on this Labor Day—as follows:

I am calling for as early a date as practicable a conference in which authorized representatives of labor and of those who direct labor will discuss fundamental means of bettering the whole relationship of capital and labor and putting the whole question of wages upon another footing.

I am particularly gratified at the support which the government's policy has received from the representatives of organized labor and I earnestly hope that the workers generally will emphatically endorse the position of their leaders and thereby move with the government instead of against it in the solution of this greatest domestic problem.

"You and I and every one must be proud of the patriotic stand organized labor has taken.

"You have strong and stalwart leaders, capable of holding their own against the world. And they believe in conserving the nation's wealth and power and accomplishing things by the rules and regulations of civilization."

### Solons Unable to Agree on Revenue Bill's Provisions

MONTGOMERY, Sept. 2.—The joint conference committee, which has been endeavoring to frame a revenue bill acceptable to both houses of the legislature reported to the senate today that it was unable to reach an agreement. The failure will greatly delay the revenue bill if it does not completely kill the features insisted on by Gov. Kilby.

When the house met today it faced a calendar of 99 pages, containing 355 bills which must be disposed of in the ten remaining days of the session.

### DOUBLE HEADER IS DIVIDED; VISITORS FAIL TO HIT LEWIS

Albany-Decatur and Lawrenceburg divided a double bill here Monday afternoon the Tennesseans taking the first 7 to 2 and losing the last 2 to 0. Moore, the local hurler, should have had a good chance at the first game but poor receiving by Berry let in several runners at the later stages of the game and the lead could not be overcome. The feature of the first bout was the spectacular catch of a drive in right center with one man on the runways. E. Baker ran at top speed and finally succeeded in pulling down the apple which would have gone for a double if it would have gone past the local gardner. Rushing was doubled at second on the play.

**Second Game**  
Jimmie Brooks went in the second game for the visitors while Lewis was Manager Hames choice for the firing line. Lewis had the clouing Tennesseans at his feet all the way and let them down without a single hit and with only one man to reach the bases. The visitors were retiring in order in every frame but the fifth when with two down Allesio gained life after being beamed on the neck and took second when F. Barnes threw too high to get him. But the next man grounded to Halbrooks.

**Locals Sew Up Game in Sixth**  
The Hames crew decided to take the punch out of the visitors in the sixth and circled the paths twice. Frohoff beat out an infield hit. Steadman hit to Brooks who threw late and missed Frohoff at second. Frohoff was safe at third when Brooks threw wild and scored on the play. N. Baker grounded out. Roberts worked the squeeze and Steadman counted, Roberts being thrown out at first. Halbrooks singled. F. Barnes grounded to Cook.

Brooks pitched well in both games the locals getting but four hits each time off him but Lewis was too much for him and the iron man stuff failed to work. This is the first no-hit game ever seen here.

### CROP 61.4 PER CENT OF NORMAL BUREAU STATES IN REPORT MADE PUBLIC TODAY

*Figures Are Compared With  
67 1-10 of Normal on  
July 25.*

A YIELD PER ACRE OF  
159 LBS. IS FORECAST

### Cotton Market Goes Upward Following Announcement of U. S. Experts.

(International News Service.)  
WASHINGTON, Sept. 2.—The crop reporting board of the bureau of estimate of the department of agriculture, estimates from the reports of the correspondents and agents of the bureau that the condition of the cotton crop on August 25 was 61.4 per cent of normal as compared with 67 1-10 on July 25, 1919. The condition of 61.4 per cent forecast as yield per acre of 159 1-8 pounds and a total production of 11,230,000 bales. The cotton market is expected to jump.

### HOBBIE EXPLAINS OPERATION PLANS OF PRICE FIXERS

Merchants against whom complaint may be made will be given an opportunity to explain the profit on the articles complained of by the Morgan county price fixing board, according to instructions received today by W. B. Edmundson, county food administrator, from Richard M. Hobbie, of Montgomery, state administrator.

Mr. Hobbie's letter of information and instruction follows:  
Mr. W. B. Edmundson,  
County Food Administrator,  
Albany, Ala.

Dear Sir:—We regret that we have not had an opportunity before today to reply to your letter of the 21st inst.

We understand that the Attorney General's instructions are that this Board investigate the retail prices of food, clothes, staple dry goods and shoes. Further, that they receive complaints from any purchasers of the above. Where the Board finds a price, either through its own investigations or by complaint, which in its opinion is high, then it is the duty of the Board to request the merchant making such price to come before the Board and justify his profit. If he is able to do this to the satisfaction of the entire Board, then we believe the matter should be closed. Should the merchant be unable to justify his price, the Board should request the merchant to reduce his price on this particular commodity, and in extreme cases make restitution if the matter is handled on the complaint from a purchaser. Should the dealer acquiesce in the request of the Board, the matter should be considered closed. Should, however, the merchant refuse to grant the request of the Board, then it becomes the duty of the Board to report the matter to the U. S. District Attorney.

You understand that this Board has no power of enforcement or no power to punish anyone. It has no control over the Department of Justice Operatives, who report directly to the District Attorney, but the District Attorney will doubtless lay before the Board some of the reports of the Secret Service, in which case the Board will handle them just as it does the complaints made by purchasers. We feel such that your Board is an organization of representative, clear minded citizens, who will give each one affected a fair and impartial hearing.

Sincerely yours,  
R. M. HOBBIE.

**DEGREE TO BE CONFERRED**  
The Patriarchal Degree will be conferred tonight at Decatur Encampment No. 26. All Encampment members are urged to be present.

**Slippery for Buddy.**  
Joe is thoroughly up in automobile parlance. His baby brother was just beginning to walk and wobbled considerably. One day Joe dashed into the kitchen shouting, "Oh, ma, come quick an' see Buddy skidding."

**Knew What He Meant.**  
My three year old boy noticed all the others on leaving the party speak to their hostess, so when his turn came he looked up with a most engaging smile and said, "Haven't we had a terrible time?"—Exchange.

## CAPUDINE

Again that old stuff about "giants in those days" has been rudely punched out by the museum visitors inspecting suits of armor worn by doughty knights in the "fifties." One of our regular doubthoys of average proportions cannot get his arms into the leg pieces, and the average schoolboy of the present day would find the "suit" uncomfortably tight.—Florida Times-Union.

### Ants as Excavators.

Everyone has observed trees that have been hollowed out by ants, and it is apparent that their biting powers are equal to working in the hardest woods. In tunneling, ants are expert, and authentic cases are known of their tunneling under ditches and streams. Indeed, a South American ant is said to have excavated a tunnel under the bed of the Parahyba river at a place where it is as broad as the Thames at London bridge.

The Victor Company announces the record production for this month has been far below normal for various reasons. We ordered heavily of the September records but the records we received fell far short of our orders. If you are going to have these records while they are new come to this store today—NOW—and select those you wish. A few days' delay may mean that you will be several months trying to get the numbers you want.

### Unhappy Family Connections.

I believe that much unhappiness comes from attempts to prolong family connection unduly, and to make people hang together artificially who would never naturally do so. I am certain my father, after he was forty, did not wish to see my grandmother any more. Speaking for myself, I have no wish to see my father again. —E. W. Howe's Monthly.

THREE POWERFUL FORCES IN ONE

PUT UP IN LIQUID FORM  
Mr. R. V. Fuller, a railroad man living at 1002 Sumter street, Columbia, S. C., says: "I was troubled with indigestion, nervousness, liver trouble and weak stomach, could not eat anything without after distress. My health was badly run down and I did not know what it was to have a sound refreshing sleep."

"I was advised to try Ironed Paw-Paw, now being demonstrated at Wingfield's Drug Store. Have given it a thorough trial and can honestly say I feel like a new man since I began to use it. I can sleep as well as I ever did. My stomach is so strengthened that I can eat without any signs of the distress I used to be troubled with."

"I can recommend your great remedy, Ironed Paw-Paw, because after a square trial I feel once more in a healthy condition and ready for work. You are welcome to use this testimonial."

Do as scores of your neighbors are doing—get a bottle of Ironed Paw-Paw and bid your liver and stomach ailments good-bye. I want the man or woman who can't sleep and is despondent to come in and try this remedy. You'll never go back to the old-fashioned medicines. Lots of business and professional men find Ironed Paw-Paw enables them to do more and better work. It seems to energize every fiber, tissue and bone. Begin on Ironed Paw-Paw today, so you can join the army of converts next week.

Your druggist probably keeps it, but if he doesn't it is sold in Albany at all druggists.

Bartlett, in his "Familiar Quotations," gives the following: "We read of a certain Roman emperor who built a magnificent palace. In digging the foundation, the workmen discovered a golden sarcophagus, ornamented with three circles, on which were inscribed, 'I have expended; I have given; I have kept; I have possessed; I do possess; I have lost; I am punished. ## Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tone

Your druggist gives back your money if it doesn't liven your liver and bowels and straighten you up without making you sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It

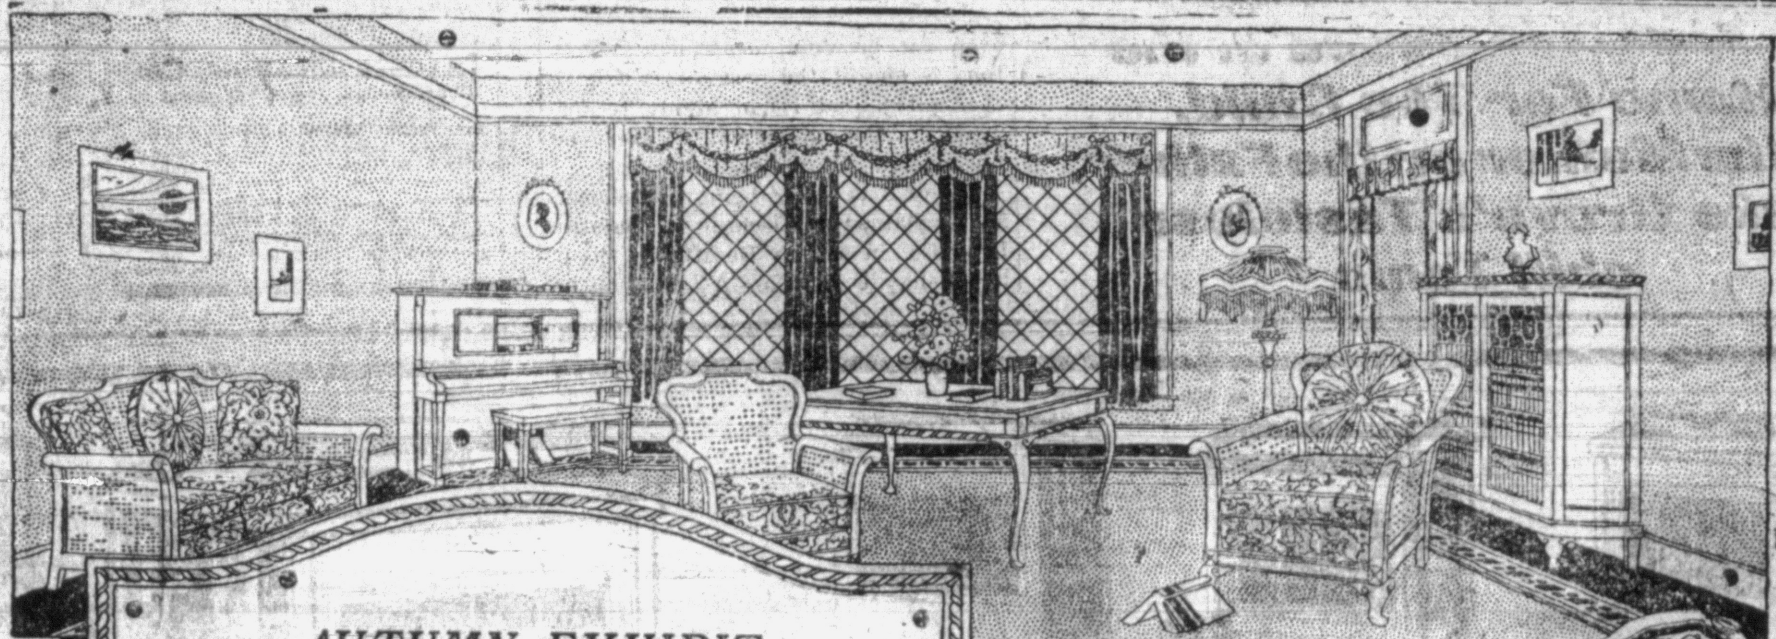

is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

### Washing Enamel.

All dirty marks on white enamel should be rubbed with a piece of flannel moistened with methylated spirit. Then wash the enamel with warm soapy water, dry and rub with a flannel sprinkled with whiting. Polishing with a dry duster completes the process. White enamel furniture treated in this way from time to time retains its brightness for a long period.

### Habit of Decision.

Most people who have succeeded in any direction of activity can trace the measure of their success to the habit of deciding things for themselves. One of the greatest temptations we have is to confide in others. By yielding to it we not only become a nuisance to our friends but keep on lowering our own powers of resistance.

He said first of all the profiteer must be stopped and prosecuted, second there must be

WELL KNOWN NASHVILLE WOMAN UNQUALIFIEDLY INDORSES PERFECT TONIC TRUTONA.

Nashville, Tenn., Sept. 1.—Fourteen years residence in Nashville have surrounded Mrs. F. A. Warner with a host of friends who have been glad to learn of the remarkable relief she gained through Trutona. Mrs. Warner, who lives at 611 North Third street, made the following statement recently.

"The trouble seemed to be with my stomach. I had no appetite and I when I did eat anything it felt as though I had eaten a brick. I was usually constipated and was subject to dizziness at times. I always felt tired and worn out when I got up in the morning.

"Trutona has helped me so much in so many ways that I just can't say too much in praise of it. I've gotten rid of the dizzy spells and I feel stronger in every way. I rest better at night now and get up in the mornings feeling fresh and rested. My appetite has improved so that I can hardly get enough to eat. Why, I even eat between meals now. Trutona is one of the best remedies I have ever taken and I can highly recommend it. I'm sure it will do everyone a wonderful lot of good."

Trutona is now being introduced and explained in Decatur by Decatur Drug Co., in Albany-Decatur by Precu. Dillehay Drug Co.—Advertisement.

increased production to fill the needs occasioned by the most destructive 4 1/2 years of war the world ever saw; third economy for the next year or so, such as was practiced during the war.

The speaker spoke at length on the right of labor to organize, saying that their rights in this respect were identical with those of the men in other vocations.

League of Nations Endorsed. In discussing the imperative need of the peace treaty being signed at once, the speaker called the roll of the interests that were for the League of Nations and those against it.

"The Germans, who brought on the war are against it," declared the speaker. "They are apt to form a dangerous combine with Turkey, Austria, and Russia if the League fails and plunge the world into blood again."

"The unspeakable Turk, is against the League."

Then were mentioned certain Republican leaders who were against it. It was declared however that 80% of the

Republican newspapers were for the League.

"And all the Democratic papers are for it. The Democratic party is for it. The American Federation of Labor is for it; all the woman's organizations are for it. And no wonder for in the British Empire alone the war made 5,000,000 orphans."

The speaker denounced what he called an effort of a certain statesman from Massachusetts "to censor the prayers of the blind chaplain of the Senate who had felt it his right of duty to pray to Almighty God that the Senate would have the courage to ratify the League of Nations covenant."

**Other Speakers Heard**

Following Judge Almon, S. E. Roper, Louisville and Nashville System Chairman, for the Sheet metal workers and a resident of Austinsville, made a stirring address, declaring that in his opinion organized labor was thoroughly patriotic and was determined to stand for the right at all times.

Geo. M. Webb, the veteran labor leader, was the next speaker. He traced the successive triumphs of labor, and dwelt at length on the advances of labor in the Twin cities. Mr. Webb declared that we had the best community anywhere, and that organized labor could be depended upon to make it still better.

This speaker was followed by T. G. Waddell, of the Morgan County Farmers union, who argued for greater co-operation between the Farmers and the workers, who were the largest consumers of the products of the farm, he said.

According to E. M. Johns, one of the many hard workers among union men for the great success the day's effort of labor, the following were the winners in the contests as decided: Most popular young lady prize, jewelry, value \$25; Miss Gracell Wilder, daughter of the late V. V. Wilder, who received 13,025 votes.

**Finds Unexpected Will

"I suffered for 10 years with stomach trouble and doctored away a lot of money before I found a medicine that was a real benefit to me. Since taking one dose of Myer's Wonderful Remedy 14 weeks ago, I have had more real joy of living than I had in 10 years before." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Prize of \$10.00 for best essay on Union Labor, Miss Beanie Owens.

Second largest family, Mr. Gauslin, of the Machinist's union, prize \$5.00, donated by Henry Bender.  
Float prize of \$10.00 won by float of Sheet Metal workers.

The dozen or so floats representing the other trades were all and more than could be desired. In design and realistic effect they set a pace which workers in the future will find hard to match. Every worker on the floats deserves the thanks of the many thousands who witnessed the first parade of organized labor through the Twin Cities on yesterday.

The Central Labor Union donated \$61 of its proceeds on Labor Day to the Children's play grounds.

Mrs. Parake Fraser, Longview, Tex., expressed appreciation of STELLA-VITAE in these words: "I cannot say too much for this wonderful medicine. I had taken other female medicines for two years with no good results. I am truly grateful for the good STELLA-VITAE has done me."

**LOOK AT YOUR TONGUE!  
IS IT BROAD, WHITE, FLABBY?  
—YOUR BLOOD NEEDS ZIRON!**

**When Your Tongue Is White and Flabby, It Is a Sign That You Are Anemic and That Your Blood Needs Ziron Iron Tonic, For the Benefit of Your Weakened System.**

Look at your tongue in the mirror! It ought to be pointed, pink, clean and firm. If it is broad, white, coated, flabby, it is probably a sign that you are anemic, that your blood lacks red corpuscles, that you are not in good health, that your system needs iron to bring it up to proper condition.

When your blood needs iron, take Ziron, the new Iron Tonic, which contains also the hypophosphites of lime and soda and other valuable tonic ingredients prescribed by the best physicians for this form of trouble.

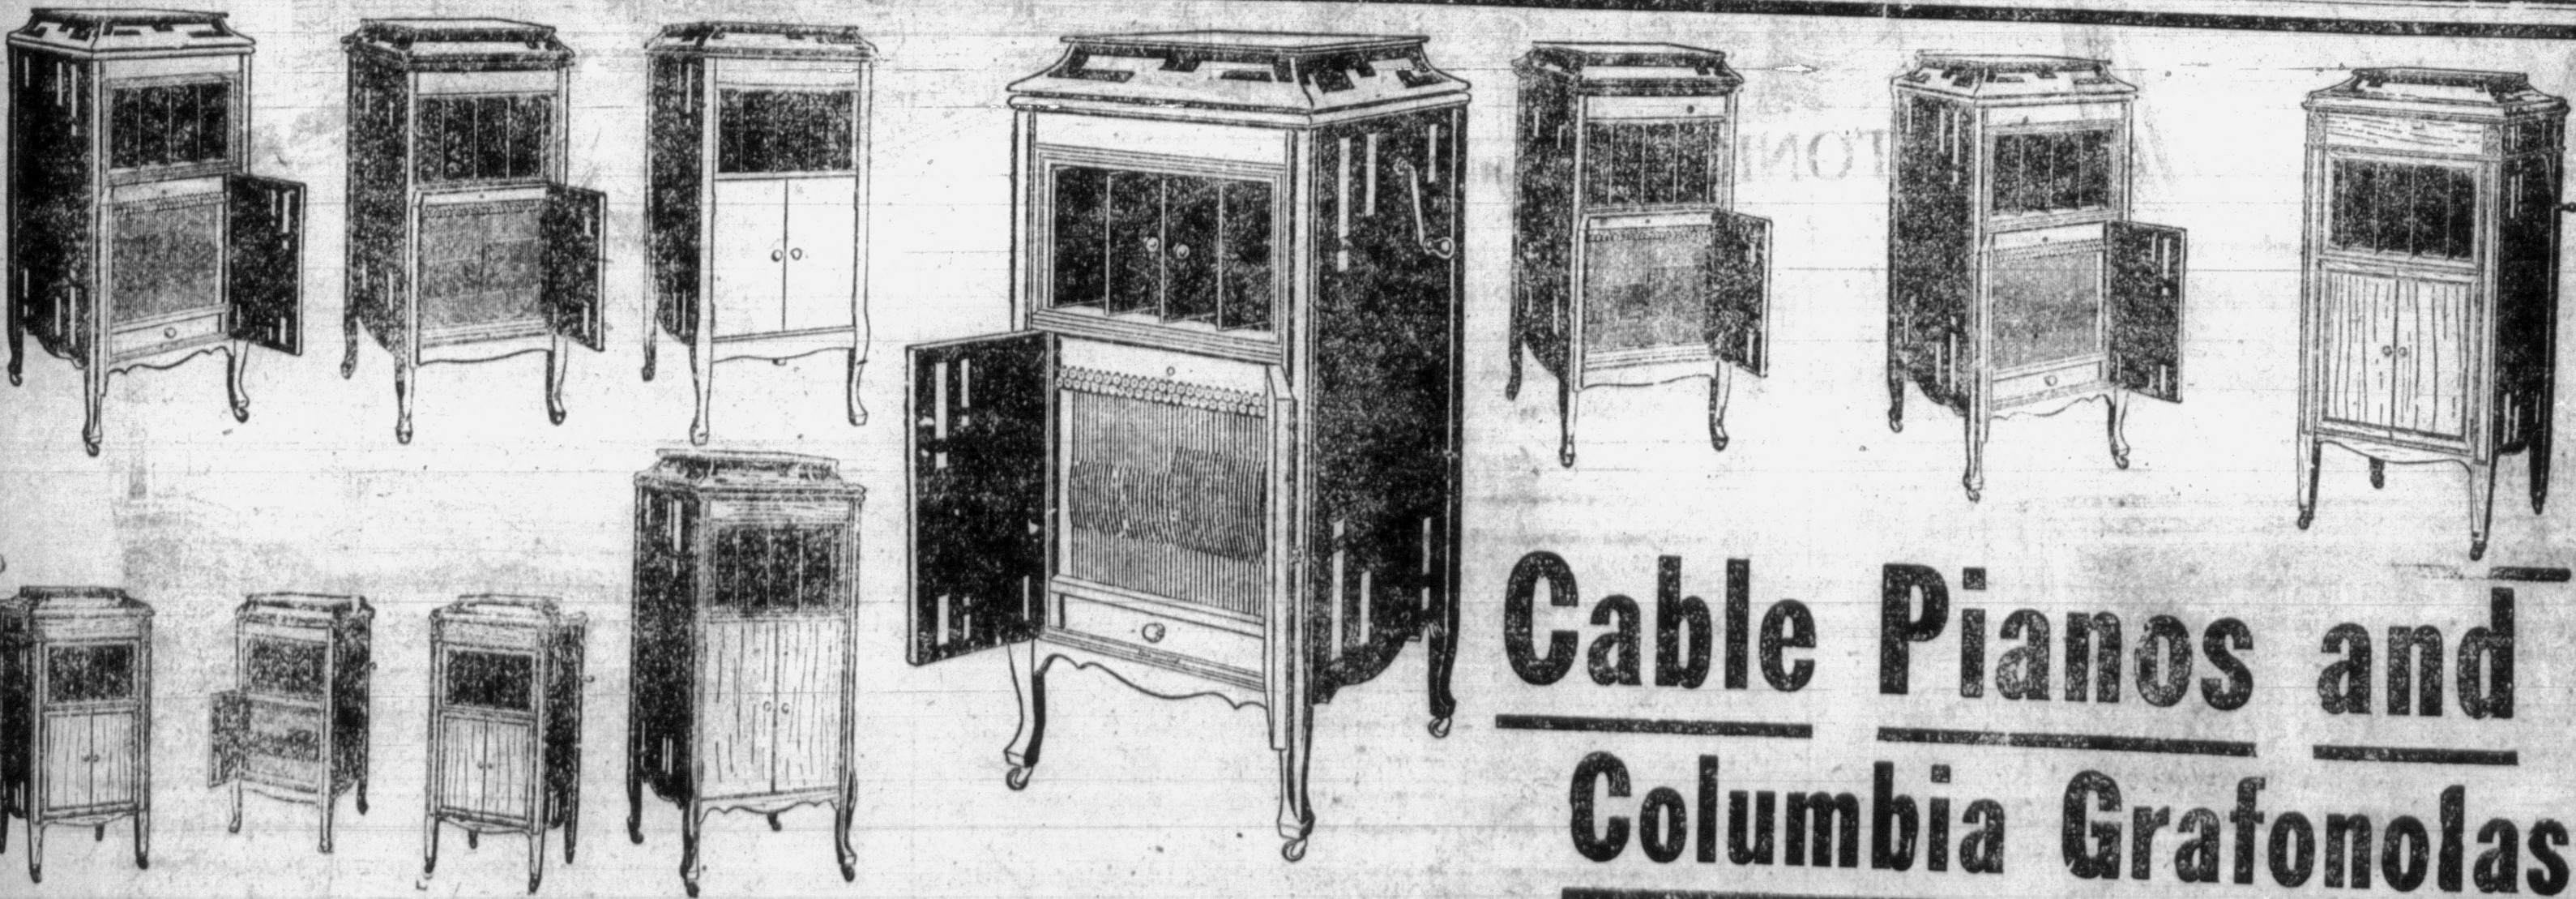

When you feel tired and miserable, lack ambition, suffer from indigestion, rheumatic pains, gastric catarrh, depression of spirits and a general feeling of being "under the weather," why not try Ziron to help you back to health?

Ziron, the new compound of iron, contains no habit-forming drugs. It is a safe, reliable tonic remedy—good for men, women and children.

Mr. R. L. Poston, of Little, La., writes: "Some weeks ago I was suffering with something like dumb chills. I just ached all over, my skin would feel clammy. I ached worse from my knees down. I didn't rest well nights, and my appetite wasn't good. I was afraid I would get down in bed and so much to do in the Spring of the year. I began to look around for something to help me and decided to try Ziron. I had not taken one third of a bottle until I felt much better. I grew stronger, began to get hungry and did not have any more of the chills. I think Ziron is a splendid tonic."

**SPECIAL OFFER:** Buy a bottle of ZIRON, today, at your druggist's and give it a fair trial, according to directions on the bottle. If, after using up one bottle, you find it has not benefited you, take the empty bottle back to the druggist and he will refund what you paid him for it. We repay him, so there is no reason why he should not repay you. This offer only applies to the first trial bottle.

## Prohibition Party May Change Name

(International News Service)  
CHICAGO, Sept. 2.—Whether the Prohibition party is to be kept alive for solution of problems other than that of drying up the remaining wet spots of the world is the question which stirred members of the party as they gathered for the final session of their convention here this morning. It has already been decided that the party is to remain intact as a national party through the 1920 campaign, but the question of taking up world work in issues other than that of prohibition, either directly or indirectly through the prohibition foundation, has started considerable discussion. The national committee is devoting much time to the consideration of a change of name for the party.

### Oh, for an Accident.

Some diplomatists seem to achieve great success simply by sitting tight and letting matters take their own course, something after the manner of the Arkansas farmer who retired in disgust, saying he believed he could make more money by accident than he could by farming.—Kansas City Star.

## This Medicine Has Cured Thousands— It May Cure You

Mr. L. P. England, a reliable citizen of Spartanburg, S. C., makes the following statement. "About twelve years ago I suffered with a severe spell of malaria and afterward was much troubled with rheumatism. I tried many remedies recommended for the rheumatism but failed to get relief amounting to anything. I saw Number 40 For The Blood advertised and purchased a bottle and found so much relief that I have taken several bottles and am well of the rheumatism. I keep Number 40 in the house all the time as I do not wish to be without it." Number 40 is demanded in blood poisoning from any cause. In chronic rheumatism catarrh, constipation, stomach and liver troubles. Under its use eczema and skin diseases disappear, sore ulcers and boils are caused to heal. Made by J. C. Mendenhall, Evansville, Ind., 40 years a druggist.

Sold by Preuit-Dillehay Drug Co.

School bells will soon be ringing. Mothers want their youngsters ready ahead of time. Others are about to go on their vacations now, not to return till school opens. Their parents will have to shop at once. Happily, Matlock's prepared earlier than usual. All is ready.

"BOYS WILL BE BOYS." A new suit will not stop them from climbing fences, "skinnin' the cat" or "sliding into second base." It takes clothes like Matlock's to stand the strain and keep their good looks. AND THE GIRLS want to look their prettiest, even when skipping rope or playing "jacks." Again, you must depend on us for the right clothes.

It's not a question of spending a whole lot of money extravagantly. Get all their clothes here and be assured of STYLE and QUALITY at MODERATE PRICES. Buying early—in great lots right at the sources of production—enable us to give values, impossible with other stores. That is the MATLOCK WAY—substantial proof of which is given in the LOWNESS OF OUR PRICES. Look around—and be convinced.

### Laboratory Tested Feed

Purina Cow Chow is laboratory tested and machine mixed. This means that your cows get a uniform quality ration, which prevents them from going "off feed" and insures maximum milk flow.

You know that if a cow is thrown off her feed by improper mixing, or feeding off-quality grain, it may take days to get her "back." This results in a heavy loss of milk.

### Purina Cow Chow

is your best safeguard against such losses. Every ingredient that enters into Purina Cow Chow must come up to a rigid standard of quality. Not only is the quality of the grain guarded, but the ingredients are accurately measured and mixed by machinery. For that reason, Purina Cow Chow is bound to be

absolutely uniform

Just the right elements are included to balance the roughage and silage that you produce. Your milk records will prove the feeding value of Purina Cow Chow. Let us put your herd on a test.

### Saturday's Game

Although out hit two to one the Albany-Decatur team took the first game from Lawrenceburg 4 to 3. Crow and Bennett were both yanked in the fourth after the teams had begun to clout the offerings of both. Graham set the visitors down for the remainder with six hits and no runs. Allesio was twice scored on when N. Baker doubled with two on.

Baker's and Smith's stick work was the feature of the contest. Steadman and Cook also starred with the willow, getting two out of four.

## SIMPLY GETTING ALONG FINE NOW

This Huntsville Nurse Says She Has No More Dizzy Spells; Constipation Relieved; Sleeps Sound and Feels Fine Now.

Advises Every One to Try the New Remedy, Dreco, which is doing so much good around here.

"I am simply getting along fine these days, and feel so much better than before I took Dreco, the new tonic," states Miss Mattie Johnson who is a nurse and housekeeper, residing in Huntsville, Ala.

"Dizzy spells used to annoy me very much, which I knew came from a sluggish liver. I was bilious all the time and got so nervous that I did not know what a night's sound sleep was. For I'd roll from one side of the bed to the other, and get up next morning all worn out, with no energy to go to my work. I had to take a pill or some such medicine every night, to keep my bowels moving, and if I'd forget to take it, I would be constipated. I frequently had backache, and my food digested poorly, forming gas and kept me bloated up."

"But it is quite different now. This Dreco has done a lot for me, for I sleep well each night, and get up with a refreshed feeling, and full of energy for a big day's work. My appetite is fine and the food digests without forming gas; never have a backache, and my bowel action is regular every day, without ever taking a pill. Dreco is positively the best remedy I ever took."

The good old-fashioned roots, herbs, bark and berries, like our forefathers brewed their teas from, and raised a hardy race of people, are still recognized as the remedies for the stomach, liver, kidneys, bowels and blood. Dreco is made from twelve herbal plants, and its action is prompt and pleasant for man, woman, or child.

All good druggists now sell Dreco, and it is highly recommended in Albany by Albany Drug Co.—Advertisement.

## JUST IN PASSING

### REAL BOOSTER STORY

"Don't tell me that prices are high in the Twin Cities," said a Second Avenue merchant the other day. "I have just come back from New York where I very foolishly brought several pieces of wicker furniture not knowing that the same article was carried a stock here. On my arrival home I was much surprised to find the wicker furniture I wanted displayed in a Second Avenue furniture house at from 25% to 40% less than the figure quoted me on Broadway. Needless to say the New York order was cancelled by wire and the Albany furniture installed."

## D. A. R. Pleased With Tag Day Results

Officials of the local chapter of the Daughters of the American Revolution were much pleased today over the results of the Tag Day staged Saturday to raise funds for the aid of rural schools in Alabama. One hundred and forty dollars was realized.

The first prize, a camo ring, for the sale of tags was won by Miss Besie Cobb, who sold \$40 worth. The second prize, a box of candy, donated by S. M. Thompson, was won by Miss Annie Fay Almon.

## WORLD MOVES FORWARD WITH LONG STRIDES

Peace Has Its Victories No Less Than War—Science Robs Calomel of Its Nauseating Qualities. "Calotabs" the New Name.

Here is good news for the sixteen hundred millions of people in the world who have livers to be cleansed, systems to be purified and biliousness, constipation and indigestion to be corrected. Calomel, the most successful liver medicine, has been robbed of its griping, and nauseating effects. Calotabs, the new name, makes calomel taking a real pleasure.

In future ask your druggist for Calotabs, the de-nauseated calomel tablet. He is authorized to refund the price if you are not "perfectly delighted" with Calotabs. One tablet on the tongue at bedtime, with a swallow of water,—that's all. No taste, no salts nor unpleasantness of any kind. You wake up in the morning feeling fine, with a hearty appetite. Eat what you please and go about your work, no danger.

The genuine Calotabs are sold only in original, sealed packages—never in bulk. Price thirty-five cents.—(adv.)

## BIRMINGHAM CONTRACTOR HAD TO LEAVE WORK

Birmingham Man Feels Like New Person—Says, "I Feel That I Owe My Life to Sulfur-Sol."

Mr. J. C. Harris, a well known contractor and builder, of 216 61st St., Woodlawn, Birmingham, Alabama, suffered miserably for four years with indigestion before using Sulfur-Sol, the wonder medicine. Here's what he has to say: "I feel as if I owed my life to Sulfur-Sol. For four years I never knew what it was to be without indigestion and stomach troubles. I tried different doctors, but they couldn't seem to give me even temporary relief. I had to be exceedingly careful about what I ate and could depend upon nothing to agree with me. It was next to impossible for me to eat meat. Every time I tried I would get worse and have to go to bed. The pains in my stomach often got so bad I had to leave my work and go home."

"One day a friend of mine gave me a bottle of Sulfur-Sol. After I had taken less than half of it I felt like a new person and could eat anything I wanted. I had no trouble with the heartiest of foods. My health began to pick up and the old spells of dizziness and indigestion did not return."

Sulfur-Sol has been found to be very beneficial in the treatment of Peptic Ulcers, Indigestion, Colic, Rheumatism, Dyspepsia and various forms of kidney and bladder trouble. Your druggist has it. Get a bottle from him today, and accept no substitutes. \$1.00 per bottle; 6 bottles for \$5.00. Sulfur-Sol Co., Montgomery, Ala.
